Attached is a proposed rule that would amend the reporting regulation to require any member savings association within the jurisdiction of a Federal Home Loan Bank ("FHLBank"), and that currently reports data from which the FHLBank calculates an adjustable rate mortgage index, to continue to provide the FHLBank with such data upon the FHLBank's request. Such data currently are extracted directly from the monthly Thrift Financial Report ("TFR") or reported to the FHLBank based on, but independently of the TFR. The proposed regulation will ensure that the adjustable rate mortgage index data continue to be reported upon the FHLBank's

request, notwithstanding the elimination of the monthly TFR beginning January 1, 1993.

The OTS solicits comment on all aspects of this proposed regulation. The proposal is published in the *Federal Register*, Vol. 57, No. 147, pp. 33662-33663. Comments on the proposed rule must be received on or before August 31, 1992, addressed to: Director, Information Services, Public Affairs Office, Office of Thrift Supervision, 1700 G Street NW, Washington, DC 20552.

A handwritten signature in black ink, appearing to read "Timothy Ryan".
